ABOUT ME

Recent BSc IT graduate with hands-on skills in Power BI, SQL, Python, and Excel. Passionate about data and eager to start a career as a data analyst. A quick learner with strong analytical skills, ready to contribute to real-world data projects with a results-driven mindset.

SKILLS

- **Languages** : Python, SQL.
- **Libraries** : Pandas, Numpy, Matplotlib.
- **Tools** : Power BI, Excel, PowerPoint, Word, MySQL.
- **Platform** : VS Code, PyCharm, Jupyter NoteBook, IDLE.

PROJECTS

- **BMW Project:**
  BMW Global Sales & Market Analysis Dashboard (2010–2024)
  → Identified top-performing models, EV trends, and regional sales patterns.
  → Used Power BI, Python, and Excel for data cleaning, visualization, and trend analysis.

- **Blinkit Project:**
  Blinkit Retail Performance & KPI Dashboard (2011–2022)
  → Delivered key insights using slicers, DAX measures, and visual breakdowns.
  → Enabled business decision-making through performance-focused metrics.
